

# Axxis

*vertical linear axis DMX / ArtNet controlled for stage application*

The Axxis system is compact closed unit for positioning stage elements like Moving Lights, Lighting Fixtures and Displays. The Axxis Unit is ArtNet operated and able to lift up to 27kg on a speed of 0-0,5m/sec in the standard version. Fixtures are supported with Power and Signal due the lifting profile.

Axxis is based on Germany DGUV 17 scenic safety

Standard version:

Load : 27kg  
Speed: 0 - 0,5m/sec  
Lifting hight: 2,5m  
Axxis : 290mm x 260mm x 400mm / 25kg

Individual adjustments for projects and special applications are possible.
